THINK SUBMARINE WAR WILL NOT BE RENEWED

Von Tirpitz Party Want This But It Is Believed They Will Be Defeated—Rumanian Army Invaded Bulgaria and Violent Battle Is Now Being Fought—Italians Prepare for Advance On Trieste—Serbian Force Bulgars to Retire

By Carl W. Ackerman,
(United Press Staff Correspondent.)
Berlin, Oct. 3.—Efforts of the Von Tirpitz party to force a resumption of submarine warfare will be defeated as the result of the conferences now being held in secret sessions of the reichstag committee, it is now generally believed.
The Tirpitzites, however, hope to force a public discussion of the whole question when the reichstag reconvenes Thursday.
Ernest Basserman, gray haired, national liberal party leader and one of the most important figures in the reichstag, declared today after the question has been aired in the budget committee meetings, it will be fully discussed in open sessions.
"We wish to live in peace and friendship with America," said Basserman, "but undoubtedly there is bitter feeling here because American supplies of ammunition enable our enemies to continue the war."
"If America should succeed in forcing England to obey international law, restore freedom of the seas and proceed with American energy against England's brutalization of neutrals, it would have a decisive influence on the political situation between the two countries."
"Do you think submarine warfare will be renewed?" he was asked.
"That must be decided by the foreign office, the ministry of marine and the general staff," was the reply. "England is our chief enemy. We must recognize this and defeat her."

Fierce Battle Raging

London, Oct. 3.—Bulgarian forces have attacked the Rumanian army that crossed the Danube and invaded Bulgaria Sunday and a violent battle is raging east of the fortress of Kustchuk.
An Amsterdam dispatch reported this afternoon that the Rumanians forced a crossing with little opposition and threw up strong entrenchments before they were attacked. Rumanian monitors first silenced Bulgarian shore batteries and under cover of their fire the invading force was landed.
An official statement from the Bulgarian war office, delayed in transmission, declared that preparations have been made to attack the Rumanian force. The invading army is made up of "several battalions," the official statement said.
A Rome wireless dispatch this afternoon said it was reported from Petrograd that Field Marshal Mackensen ordered the evacuation of the Dobruja fortress of Silistra and Tutrakia after the Rumanians crossed the Danube.

Objective Is Railway

London, Oct. 3.—The Rumanian force which invaded Bulgaria Sunday is believed to be moving southward against the important Rusechuk-Varna railway.
The size of the army that crossed the Danube is not known here but English military critics today declared they believed it was composed of at least 20,000 men. They pointed out that a smaller force would be pinned against the

German Attack Beaten Back

Petrograd, Oct. 3.—Massing considerable reserves, the Germans hurled large forces against the Russians along the river Cenjukva and the heights on the right bank of the Zlota Lipa, but were beaten back with heavy losses, it was officially announced today. In this region alone the Slavs have taken 5,000 prisoners in the last three days.

Bulgarians Forced Back

Berlin, via wireless to Sayville, L. I., Oct. 3.—Bulgarian troops have been compelled to retreat on both wings in Macedonia, it was admitted in an official statement from the Bulgarian war office today.
Because of the violent fire of the Serbian artillery, the Bulgars evacuated the summit of Kaimahchan ridge and hill 2,368, a high peak dominating the region northeast of Florina.

Claim Rumanian Defeat

Berlin, via wireless to Sayville, L. I., Oct. 3.—After scoring a decisive victory over the Rumanians near Hermannstadt, General Falkenhayn's troops have pushed southward and are now fighting south of Red Tower Pass near the Rumanian frontier. Three thousand prisoners have been taken and this number

bank of the river by the Bulgars and would meet the same fate as the Rumanian garrison that attempted to retreat across the river from Tutrakia fortress.

At the same hour that Rumanians invaded Bulgaria the Russo-Rumanians in Dobruja launched a series of heavy attacks, apparently to prevent the Teutons from shifting forces from that region. The battle is going on with the Russo-Rumanians exerting heavy pressure against the enemy flanks.
Interest in this new phase of fighting in the Balkans has shifted attention temporarily from the Somme offensive and also from the Russian front where severe fighting is reported. Along the Somme rainy weather again hindered operations yesterday.

Serbs Take Bulgar Trenches

Paris, Oct. 3.—Continuing their advance northeast of Florina, the Serbs yesterday captured first line trenches on the heights of Stankowarb, it was officially announced today.
The Bulgars twice counter attacked against the positions won by the British on the east bank of the Struma, but were repulsed, suffering heavy losses.

Italians Want Trieste

Zurich, Oct. 3.—The Italians have been violently bombarding Austrian positions near Montafone for three days and also from the Russian front. The heavy days of the exposition was handed to the credit of the fair board and the satisfaction of the "stranger within our gates." The venture proved successful this year. The Secretary-Manager Lee proposes to organize the department upon a more thorough and complete basis before next year, when, it is hoped, every need of the visitors to the fair will be provided for.

Crooks Kept Away

Under the chieftainship of M. P. Burnett of Corvallis, the state fair police force, both uniformed and plain clothes, has been highly complimented by the state fair board for the efficient service rendered during the state fair just closed. With L. G. Carpenter and Ray Fike, both experienced detectives of Portland, on the night shift of the plain clothes force and Wm. L. Keller of the land, deputy constable, and J. H. Ross, Toledo; J. D. Wells, Corvallis; P. P. Lane, Philomath; W. H. Goulet, Woodburn; L. G. Carpenter, Portland; Roy Fike, Portland; F. R. Davis, Salem; Ernest

ANNIHILATING PHEASANTS

Portland, Ore., Oct. 3.—In spite of the hurry-up action taken by State Game Warden Carl D. Shoemaker in ordering the Chinese pheasant season closed October 15, two weeks earlier than usual, it is feared today that 75 per cent of the birds will be killed before that date. The number of pheasants in the state now is less than 40 per cent of the number a year ago, it is estimated.

NORTHWEST LAND PRODUCTS SHOW OPEN

Four States and Alaska Represented in 11 Day Show at Seattle

Seattle, Wash., Oct. 3.—The first land show, representing the agricultural products of Washington, Idaho, Montana, Oregon and Alaska, opens here tomorrow. The exposition covers more than 70,000 square feet of space and is the greatest in scope since the Alaska Yukon Pacific exposition in 1909.
The Alaska display is housed in a tent covering more than five thousand square feet. Fifth avenue between Union and University streets is covered with canvas, and this with the Arena provides room for the great display of fruits, vegetables, grains and grasses.
The exposition will be in progress for 11 days. Perullo's Italian band is here from Chicago as the musical event of the year in Seattle and special days are scheduled during the period of the show.
Five departments of the state college at Pullman, are represented on the daily lecture program, the United States forestry service has a big display in the show, public schools have garden exhibits and the machinery displays provide life and action.
Oregon has a fine display of its soil products, headed by the Polk county display, first prize winner at the state fair at Salem. The Montana state exhibit and the Alaska display are unique and attractive.

ALL FOOD PRICES SOARING BEYOND POOR FOLKS MEANS

Vegetables Get In the Aeroplane and Locate In the Skies

New York, Oct. 3.—Milk is up a cent a quart. Bread costs a penny more per loaf. Meats are constantly on the rise. That is the tale all over town, but today a new boosting process is underway—increasing the price of vegetables.
Corn on the cob sold today at \$3.20 per hundred ears as against \$1.50 a year ago; string beans were \$2.50 a bushel against 75 cents a year ago; a crate of tomatoes was \$3 against 50 cents; peaches \$1.25 a basket against 85 cents and so on through the list. The best grade of eggs are within reach of only a Rockefeller pocketbook and butter and meats are at record heights.

GREEN CORN DOUBLES TOMATOES GO SIX TO ONE

Potatoes Triple in Price, Eggs 50 Per Cent Higher—and Still Climbing

As Chicago Tells It

Chicago, Oct. 3.—Prices for butter and eggs reached the highest price ever known here at this season of the year, and dealers today said the end was not in sight.
Extras in creamery butter sold for 34 cents, which a year ago sold at 27 cents a pound.
Eggs that a year ago sold for 23 1/2 to 24 cents reached 30 and 31 cents wholesale. Cheese showed a rise from 14 1/2 to 22 1/2 cents. Potatoes have nearly tripled in price.

Kansas City Feels It

Kansas City, Mo., Oct. 3.—With butter selling at 40 cents a pound and eggs at 35 cents a dozen, Kansas City housewives today were paying higher prices than their sisters in Chicago.
The five cent loaf of bread has been replaced by the seven cent loaf and the 10 cent loaf reduced in size. Milk prices have not changed.

"Back to the Land" Boosted

Washington, Oct. 3.—The high cost of living is giving an added impetus to the lure of the land. Members of the new farm land board drew this conclusion today after ascertaining that a majority of their 100,000 inquiries have come from city dwellers who want to get back to the land, through farm loan aid. The board plans to help the city folk get there, as well as to help the man on the non-paying farm.

Multnomah Beat Aggies, Score 3 to 0

Portland, Ore., Oct. 3.—Having licked the Oregon Aggies 3 to 0, football players of the Multnomah A. C. developed an "eat 'em alive" spirit today. One game a day is not sufficient for Coach Knickerbocker's eleven.
Manager Coville has a contest scheduled for Saturday with the Pacific Imperial. Headquarters—Russian Army, Sept. 4—(By mail).—Czar Nicholas, ruler of Russia's millions and commander in chief of her armies, works harder than any millionaire in Wall street. He puts in more hours a day than American trade unions allow by just about as much again. And he lies down to sleep at night on a folding camp bed, hard and springless mat of canvas.
The emperor was on his way to work, walking through the rain, when I saw him. He looks like his pictures except that he is quite brown from living much in the open. He walks with an athletic swing. Life at the front seems to agree with him.
Every soldier within view stood at rigid salute as he appeared in the doorway of the rather modest two story house where he had his quarters. The czar responded. Stepping forward a few paces he shook hands with one of his officers and despite the drizzle, stood in the open door about half a minute talking. He wore neither overcoat nor waterproof, being dressed simply in the regulation khaki and black boots.
He hurried on through the rain to the offices of the general staff, a hundred yards away, followed by two aides de camp and Jey, the 12 year old crown prince's mongrel, which, not being interested in his master's English lesson going on inside, had come out to share honors with the imperial suite.
His Daily Routine.
In a minute, the czar in a room on the second floor of the staff headquarters, had settled down to work. General Michel Alexieff, chief of staff, was making his daily report and getting his orders.
Nicholas II rises shortly after 8 o'clock. At 9 he sits down to eggs, rolls and coffee. At 10 o'clock he goes to

COMPANIES RAISE PAY

Chicago, Oct. 3.—Wage increases or shorter hours were announced by the packers and garment firms here today to affect 60,000 workers, making an annual increase in payrolls of \$5,000,000. The packers changes are to affect all plants of the firms involved in the United States.
Wilson and Company, Armour and company, Swift and company, Morris and company and Libby, McNeil and Libby, announced an increase of 2 1/2 cents an hour on a ten hour working day for all employees in the operating department.
Members of the V. H. School of Clothing's association will work three working hours from 50 to 48 a week. Pay will remain the same and time and one half will be paid for extra work. This will mean \$1,000,000 increase in wages, because of overtime in busy seasons.

The world's highest powered motor sail has been built in Italy for the Brazilian navy, its oil motors developing 6400 horsepower.

MILK SUPPLY OF NEW YORK CITY IS CUT 75 PER CENT

Producers Combine Clashes with That of Distributors in City

STATE MAY CONTROL THE MILK BUSINESS

Angry Farmers Attack Milk Wagons and Literally "Spill the Milk"

New York, Oct. 3.—Only 25 to 35 per cent of the usual milk supply reached New York today according to varying estimates from both sides of the big milk strike. Hospitals and the babies still had their share of fresh milk, but restaurants in many cases were without any and householders found only small portions of their required amounts at their doors this morning.
Meantime state authorities rushed work on an investigation of both the alleged distributing and producing combines now at loggerheads. A referee will take testimony in an effort to ascertain if the dairymen's league—the farmers organization—is a combination in restraint of selling and whether the Big Three distributors are guilty of any price fixing conspiracy.
The distributors are making a bitter fight on Food Commissioner Dillon. One charged him today with being interested from the commission standpoint. Dillon retorted with "liar."
Meantime the health department declines to let down the bars to unpasteurized milk and hence no relief at present is in sight.
The distributors are doing their utmost to get instant supplies but they admit that probably by Thursday the full pinch of famine will be upon the city unless unforeseen events develop.
Civic organizations began today to take a hand in the fight. Realizing that continuance of the struggle may mean the death or serious illness of thousands of children the housewives' league called a session for this afternoon. The outcome of the strike may feel will be arrangement of some kind of state control over milk business, perhaps the establishment of a co-operative producing and distributing method.
Upstate reports still showed that angered farmers are attacking milk wagons and spilling the contents of the wagon, and, too, the strength of the league is growing.

Ukiah, Cal., Oct. 3.—Clarence W. H. Walker, wife and two little children, had a miraculous escape from death late yesterday when their big touring car crashed down a precipitous bluff into a canyon a hundred and fifty feet below.

The Walkers arrived in Ukiah today by stage and told their story.
Walkers apparently bears a charmed life. Four years ago he was an aviator. In Honolulu during a flight he fell 450 feet into the treetops, escaping without a scratch.
In yesterday's tumble not one of the occupants was even bruised. The Walkers were en route to Ukiah from San Francisco when the steering gear broke and the machine plunged headlong over the cliff. For 50 feet it was a sheer drop. Then the big touring car tore through a patch of dense brush, breaking off a tree four inches in diameter. Walker applied the brakes, and attempting to hold the car straight with one hand, he threw the children under the eowl with the other. He crunched low and shouted to his wife to lie down in the toungeau.
When the mad descent of the automobile was finally stopped by the brush, the Walkers found themselves 150 feet below the road and without a scratch. The only damage to the machine was the smashing of one front wheel and the bending of a front axle. The glass panes of the headlight were intact.
Walker's driving goggles were torn off in the descent and were left hanging on the bough of a tree.
Leaving the machine, the Walkers made their way down the canyon to a farm where they spent the night.
This morning ropes were attached to the suitcases in the toungeau of the Walker machine and they were hauled up to the road. To haul up the automobile will be a difficult feat.
Walker is a son of D. F. Walker, former president of the California Safe Deposit and Trust company of San Francisco. Mrs. Walker is a daughter of John F. Given, of San Francisco. After his marriage four years ago Walker gave up aviation because his wife thought it too dangerous.

PHILLIES SLIDE DOWN TOBOGGAN LOSE TO BRAVES

Hope of Pennant Vanishing As But Few Games Remain

National League Park, Philadelphia, Oct. 3.—Pat Moran's Phillies slid several notches farther down the pennant pole this afternoon when they were humiliated by the Boston Braves in the first game to the tune of 6 to 3. The game was practically decided in the seventh, when Boston secured five runs and battered Eppa Rixey from the mound. He was succeeded by Mayer, Kautleher and Oeschger, in succession. Rudolph pitched for Boston.
Fans who expected Moran to send Alexander to pitch the second contest in hopes of insuring an even break, were disappointed, for Mayer was assigned to the job. Tyler went in for the Braves.
A double to center by Moranville—the second man up—gave Boston an excellent chance to score in the first inning when Fitzpatrick singled sending him to third, but Konetchy, attempting to whale the ball, hit into an easy double play and stopped things. After the little flurry on the part of Rixey in the first inning both he and Rudolph settled down to a slow, methodical drive. One error, two scattered hits, and a base on balls by each were the most exciting actions in three innings.
Perfect support was the only thing that saved Rixey in the fifth when the Braves pounded him for three safeties. Gowdy, Rudolph and Moranville each singled, but Cravath's perfect throw caught Gowdy at the plate after Moranville had singled.
The Phillies started a rally in their half of the eighth, but could only tally one run.
Dodgers Strengthen Lead.
By H. C. Hamilton.
(United Press staff correspondent.)
Ebbets Field, Brooklyn, N. Y., Oct. 3.—Brooklyn erupted nearer to a pennant this afternoon when Robinson's Dodgers defeated the Giants 9 to 6 in a game characterized by free hitting, loose base running and plenty of scoring. With the loss by Philadelphia of the first game of the matinee series at Philadelphia, this puts the Brooklynites a full game and a half ahead of Moran's crew.
Brooklynites watched the scoreboard in breathless anxiety when they saw the score tied by Boston in Philadelphia.

Blackmailers Got Students In Toils

Ann Arbor, Mich., Oct. 3.—Four University of Michigan students, sons of wealthy parents, are involved in the nation-wide blackmailing investigation being conducted by federal authorities, it became known today following the visit here of a Chicago detective. The students, it was reported, had been lured into compromising positions during last spring's "J. J. hop," a big society event of the year at the university and the demand for money made upon the parents of the boys involved.
One of the Ann Arbor victims, it was reported, is a member of the Michigan football squad.
Letters which the blackmailers wrote to the parents of the students are said to be in the hands of federal officers at Chicago.
The blackmail investigation was extended today to Ypsilanti, where detectives were said to be quizzing a pretty girl student at the Ypsilanti normal.

(United Press staff correspondent.)
Ebbets Field, Brooklyn, N. Y., Oct. 3.—Brooklyn erupted nearer to a pennant this afternoon when Robinson's Dodgers defeated the Giants 9 to 6 in a game characterized by free hitting, loose base running and plenty of scoring. With the loss by Philadelphia of the first game of the matinee series at Philadelphia, this puts the Brooklynites a full game and a half ahead of Moran's crew.
Brooklynites watched the scoreboard in breathless anxiety when they saw the score tied by Boston in Philadelphia.

Blackmailers Got Students In Toils

Ann Arbor, Mich., Oct. 3.—Four University of Michigan students, sons of wealthy parents, are involved in the nation-wide blackmailing investigation being conducted by federal authorities,
